

SOME IDEAS FOR TEACHERS

1) Take part in our sign drawing competition

- '20's plenty and no idling' banner (A3 landscape)

Hounslow Council will make a banner from the winning design to display outside each school

2) Please encourage parents to:

- fill out the Mayor of London's 3rd consultation

on air pollution and ask to extend the Ultra Low Emission Zone (ULEZ) to the whole of Greater London, closes 25 June: <https://consultations.tfl.gov.uk/environment/air-quality-consultation-phase-2/>

- sign the petition <https://you.38degrees.org.uk/petitions/extend-the-ultra-low-emission-zone-to-the-whole-of-london>

- keep in touch with us @agreenerlondon and on our blog: <http://airqualitybrentford.wordpress.com>

- walk along quieter streets rather than busy roads

3) Do something/get involved with these special days and existing schemes to help schools:

- **World Asthma Day** 2 May 2017

- **LivingStreets.org.uk** encourage walking to school schemes:

- Walk to School Week: 15-19 May 2017

- Primary Schools, '5-day walking challenge' and a 'month long walking challenge' with a chance to win badges

- 'Free Your Feet' is a 5-day walking challenge for Secondary Schools, with a chance to win a £50 shopping voucher

- May is Living Streets National Walking month
- **sustrans.org.uk** have lots of information on walking and cycling to school including:
 - Bike to School Week 5-9 June 2017
 - Hounslow Council - **Beat the Streets** scheme
 - Try out a school 'walking bus'
 - Plant free **Woodland Trust** tree saplings, order now for the next delivery in the Autumn.
 - Let us know if your school would be interested in monitoring air quality themselves. Hounslow Council are looking at sourcing air quality testing kits for schools and we'll let them know if there are expressions of interest in this.
 - Work with **LSX** who have a 'Cleaner Air 4 Schools' programme with step by step initiatives to monitor air quality, raise awareness and help make change happen.
